

Admission and Enrolment

Victoria Park Christian School aims to supplement the work of the Christian home. The parent, by enrolling the student in the school, agrees to support the school in upholding its standard and ethos. Victoria Park Christian School is open accepting students for all ethnic backgrounds and religions.

New Enrolments

Prospective new enrolments should apply to the school for:

- a. An enrolment package
- b. An appointment to meet with the Principal

At the interview the Principal will discuss with parents such matters as:

- a. The philosophy and purpose of the school.
- b. Parent's expectations as to what the school can offer their child.
- c. The school's expectations of the pupil and the parents. This would include such matters as financial responsibilities, academic program, transport etc...

Prospective students will be advised on the School Council's decision regarding their enrolment application.

Confirmation of Enrolment Details

All students currently attending the School are required to submit an updated student information sheet each year. Forms for this purpose are distributed to parents at the beginning of the school year and need to be returned within 5 days. Please check details carefully as they are important should we need to contact you in an emergency.

While there is no requirement to complete an application form in order to re-enrol each year, continued enrolment is at the discretion of the School Council. Enrolment is dependent on finalising fee accounts for the previous year, student behaviour being of a high standard and demonstrated effort in areas of school work and homework.
